

What is the purpose of this auction?

“Building Houses in Partnership with God’s People in Need” is the mission of LCH-fH. We have built homes in partnership with 20 families during our existence. It is our hope that the annual benefit auction will provide the funding to build future homes for LaGrange County families.

The benefit Auction is held at the Shpshewana Auction Barn.

See * on the map.

Come prepared for a great day at the auction!
